MBA TOURNAMENT 2021

May 6-8

The MBAT was always an event far from just a sporting competition. It is the biggest gathering of MBA students in Europe. The event reunites sports, cultural and social gatherings, connecting more than 1.500 participants around the world.

This is obviously a particular year and therefore a particular MBAT. The COVID-19 obliged us to be creative and find new solutions for new problems. Guess what? Some new solutions are actually more interesting than the traditional ones. It is time to reunite. It is time to get together again. The MBAT 2021 is happening.

WHAT IS MBAT?
